Pitch/Marking Guidelines

The Field of Play

Shall be rectangular and its dimensions shall be as follows:
Length - 130m minimum and 145m maximum.

Width - 80m Minimum and 90m maximum.

The dimension may be reduced by local bye-laws for under 15 or younger grades.

At distances of 13m, 20m, 45m, (football), and 65m (hurling) from each endline, lines shall be marked across the field parallel to the endline. The intersections of these lines and of the endlines with the sidelines shall be marked by flags.

The midline of the field shall be parallel to the endlines, and shall have a minimum length of 10m. Boundry lines are part of the field of play.

All lines on the field ofplay will be 90mm +/- 13mm wide. All lines shall be white.

The Scoring Space

Shall be at the centre of each endline. Each shall be formed by two goalposts, circular in cross section, which shall have a height of not less than 7m above ground level, and be 6.5m apart. The inside edge of the endline shall be a tangent to the front edge of the base of the goalposts.

Continued....

Please be advised that these are produced in good faith and Souters Sports Ltd dose not accept any responsibility for any variation of dimension that may occur.

Football

Continued.....

A crossbar shall be fixed to the goalposts at a uniform height of 2.5m above the ground. The crossbar shall have a rectangular or circular cross section. When rectangular, it shall have a depth of 140mm +/- 10mm and a width not less than 50mm. When circular, it shall have a diameter of 125mm +/- 5mm.

The dimension of the scoring space may be reduced by local bye laws for under 15 or younger grades.

Two rectangles of the following dimension shall be formed in front of each scoring space.

- A) One rectangle shall be formed by two lines 4.5m long and at right angles to the endlines being marked 3.75m from the inside of each goalpost, and the end of these lines being joined.
- B) A second rectangle, 19m by 13m, shall be formed by two lines 13m long at right angles to the endline being marked 6.25m from the inside of each goalpost, and the end of the lines being joined.
- C) The endline, including the goal line, is part of each rectangle, the other three lines enclose the area of that rectangle.

A semi-circular arc of 13m radius, centered on the midpoint of the 20m line, shall be marked outside of each 20m line.

Substitution Zone

An area of the sideline, extending 5m on either side of the centre line, shall be marked as the substitution zone, and all the players coming off/going on to the field of play in acts of substitution/temporary replacement shall go through this point, when given permission by the referee.
